NOTICE TO THE SHAREHOLDERS

Notice is hereby given to the shareholders of the Fund that the board of directors of the Management Company (the "**Board**") has decided to streamline the Fund's administrative processes, as described below, as from 27th May 2024 (the "**Effective Date**") with impact on the prospectus of the Fund (the "**Prospectus**"):

I. PROSPECTUS RELATED CHANGES

1. CUT-OFF CHANGES FOR SUBSCRIPTIONS, REDEMPTIONS AND SWITCHES

The Prospectus currently mentions the following cut-off times:

- for subscriptions, switches and redemptions, 2 p.m. (CET) on each NAV calculation day.

As from the Effective Date, all the above mentioned cut-off times will be confirmed at 2:00 p.m. (CET) in order to obtain the NAV of such day. However, in order to limit the market timing risk for APAC sub-funds, any transactions involving such sub-funds (including when they are part of a switch) will receive the NAV of the following business day.

At the time of this Notice, there are no APAC sub-funds in the Ailis umbrella.

2. CHANGE OF THE SETTLEMENT DATE

The settlement dates for subscriptions, redemptions and switches will be aligned to the **second business day** following the receipt of the subscription, redemption or switch request for all sub-funds, excluding the APAC sub-funds for which the settlement date will be aligned to the **third business day** following the receipt of such requests.

3. UPDATE OF THE NAV PUBLICATION

The NAV publication approach will be updated in order to align it with the standard market approach, which means that as from the Effective Date the NAV publication date and the reference date of the prices used for the NAV calculation will be aligned.

4. CLARIFICATION ON THE NAV CALCULATION CALENDAR

The Prospectus will be updated in order to clarify that the NAV calculation will be carried out on each **full business day for banks in Luxembourg**.

II. OTHER CHANGES

In addition, The Management Company has also decided the following changes will be introduced as from the Effective Date that and even if they are not impacting the Prospectus, are deemed by the Board to be relevant and noteworthy for the investors of the Fund:

1. TEMPORARY INTERRUPTION OF SUBSCRIPTIONS AND SWITCHES

In order to allow the introduction of the other changes described above, subscriptions and switches will be temporarily suspended as follows:

Subscriptions and switches will not be possible from 21 May 2024 until 24 May 2024 included and the last orders will be accepted before the suspension until 20 May 2024.

Any subscription and switch order received during the temporary interruption period will be processed on the first NAV date after the temporary interruption period.

2. CHANGE OF THE WAY THE NAV IS PUBLISHED

On an extraordinary basis and in order to allow a seamless update of the NAV publication – as per item I. 3. of this notice – there will be no NAV publication on Friday 24th May 2024.

The NAV referred to Friday 24th May 2024 will be published on Monday 27th May 2024 with both NAV dates and reference prices updated as of Friday 24th May 2024.
